Gilead Sciences, Inc. is providing this document to you, a US Healthcare Professional, in response to your unsolicited request for medical information.

GILEAD | Medical Information

Veklury® (remdesivir) pH of the Final Solution

This document is in response to your request for information regarding the pH of the final solution of Veklury® (remdesivir [RDV]).

Some data may be outside of the US FDA-approved prescribing information. In providing this data, Gilead Sciences, Inc. is not making any representation as to its clinical relevance or to the use of any Gilead product(s). For information about the approved conditions of use of any Gilead drug product, please consult the FDA-approved prescribing information.

The full indication, important safety information, and boxed warnings are available at: www.gilead.com/-/media/files/pdfs/medicines/covid-19/veklury/veklury_pi.

pH of the Final Solution of RDV[1]

The pH of RDV lyophilized powder is typically 3.4 to 3.6 before reconstitution and dilution.

The pH values of RDV diluted into normal saline at different concentrations are presented in Table 1. The precision of the pH meter is ±0.1 pH unit. As all values are within the precision of the instrument, there is no significant difference in pH between any of the solutions listed in the table (4±0.1).

Table 1. pH of the Final Solution of RDV[1]

Formulation	Description	pH
Lyophilized powder	Water for injection reconstituted; 100 mg dose into 100 mL final volume	4
	Water for injection reconstituted; 100 mg dose into 250 mL final volume	4.1
	Water for injection reconstituted; 200 mg dose into 100 mL final volume	3.9
	Water for injection reconstituted; 200 mg dose into 250 mL final volume	4

Data Privacy

The Medical Information service at Gilead Sciences may collect, store, and use your personal information to provide a response to your medical request. We may share your information with other Gilead Sciences colleagues to ensure that your request is addressed appropriately. If you report an adverse event or concern about the quality of a Gilead or Kite product, we will need to use the information you have given us in order to meet our regulatory requirements in relation to the safety of our medicines.

It may be necessary for us to share your information with Gilead's affiliates, business partners, service providers, and regulatory authorities located in countries besides your own. Gilead Sciences has implemented measures to protect the personal information you provide. Please see the Gilead Privacy Statement (www.gilead.com/privacy-statements) for more information about how Gilead handles your personal information and your rights. If you have any further questions about the use of your personal information, please contact gilead.privacy@gilead.com.
