Product Labeling¹

TDF tablets are packaged in bottles containing 30 tablets with child-resistant closure. Store TDF tablets at 25°C (77°F), excursions permitted to 15°C to 30°C (59–86°F). Keep container tightly closed. Dispense only in original container. Do not use if seal over bottle opening is broken or missing.

Alternative Storage and Stability Information²

The table below summarizes available data from in-house studies regarding the storage of TDF tablets in varying conditions. The “acceptable duration” refers to the stability of TDF tablets in the specified packaging and storage condition, but it does not endorse alternative packaging or use beyond the expiration date stated on the original packaging.
